Dear President:

On behalf of the Society for Studying Unity Issues (SUNY), of which we are the past president and the president, we are pleased to accept your application to be affiliated to our Society.

In addition, we approve your four years training course in Cognitive and Behavior Therapy as it is fully consistent with our aims, i.e. constructing a General and Clinical Psychology, where the basic schools of Psychology and Psychotherapy can eventually merge.

Sincerely yours,

Alan Boncau
Professor and President

Arthur W. Staats
Professor and Past-President
