Dear Prof. Meazzini,

This letter to certify with pleasure that, after discussion by the board of the AEMTC, of your request in the name of the Associazione Italiana di Psicologia a Terapia cognitivo-comportamentale to become affiliated to the AEMTC (Association pour l'Etude, la Modification et la Thérapie du Comportement), the board has given a positive answer.

So, we have now to examine the modalities of that affiliation to build strong scientific links between our association.

Looking forward to hear from you.

I remain sincerely.

Dr M. FONTAINE-DELMOTTE,
President.
